

GAS FIREPLACES

TRUE Series Fireplace

Introducing the TRUE Series Fireplace

Where luxury design meets powerful performance.

The TRUE Series is the pinnacle of contemporary fireplace design—crafted for those who demand both style and substance. Available in 36", 42", and 50" sizes, this premium direct vent gas fireplace features bold, mesmerizing flames, minimalistic framing, and seamless glass for a crystal-clear view.

With customizable interior options, high heat output, and advanced control features, the TRUE Series transforms any room into a sophisticated, welcoming space. Whether you prefer sleek modern finishes or timeless textures, TRUE offers the versatility to match your vision.

Built for both aesthetics and efficiency, it's more than just a fireplace—it's a statement.

TRUE Series Fireplace

The TRUE Series is a luxury direct vent gas fireplace available in **36", 42", and 50"** sizes. It features bold flames, clean lines, and customizable interior options—designed to elevate any living space.

Control Options:

- **Remote Touchscreen**
A modern handheld remote with a digital touchscreen to adjust flame height, fan speed, thermostat, lighting, and timer with ease.
- **Wall Switch**
A basic on/off switch mounted on the wall—simple, reliable, and easy to use.
- **Wall Switch Kit with Battery Backup**
Includes an on/off switch and a battery backup system, so your fireplace stays functional even during a power outage.
- **Wi-Fi Module for IntelliFire App**
Connects your fireplace to the IntelliFire® app, allowing control via smartphone or smart home devices like Google Assistant or Alexa.
